***Election/Restrictions***

1. Due to persuasive arguments by applicant, the previous restriction requirements are hereby withdrawn. All claims are examined in their entirety.

**REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: While prior art such as Edward et al. (USPN 3,813,231) and Stuart, Jr. (USPN 5,277,708) teach abrasive materials comprising abrasive grit and acrylic copolymers, none of the prior art was found to teach or sufficiently suggest abrasive materials comprising a dried mixture of abrasive grit and a aqueous polymer dispersion comprising a polymer, having a glass transition temperature of from  $-20^{\circ}\text{C}$  to  $+35^{\circ}\text{C}$ , obtained by free-radical emulsion polymerization in the presence of an initial polymer prepared from 50 to 99.5% by weight of an ethylenically unsaturated mono-carboxylic acid and/or an ethylenically unsaturated dicarboxylic acid and 0.5 to 50% by weight of monomers selected from the group consisting of an ester of an ethylenically unsaturated monocarboxylic acid, a monoester of an ethylenically unsaturated dicarboxylic acid and a diester of an ethylenically unsaturated dicarboxylic acid with an amine containing at least one hydroxyl group, with up to 20% by weight of further monomers.

Thus, Claims 14-38, including claims to the abrasive materials, a process of preparing the same, and compositions comprising the same, are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dr. Kelechi C. Egwim whose telephone number is (571) 272-1099. The examiner can normally be reached on M-T (7:30-6:00).
